Angel Terrace

By Elizabeth Bedard

This image was taken in May on our Road Trip. I had not been in Yellowstone since I was a teenager and during that trip, we didn't do much walking around. After seeing my fellow photographer's images, I was so excited to visit Mammoth Hot Springs and even more excited to walk around. We almost didn't take this loop, but I am glad we did.

Nikon Z6, 14-30 lens. Processed in Photoshop with Nik.

Half Dome in the Clouds

By Jim Sanderson

This was a shot taken in Cook's Meadow on March 10 after the last snowstorm in Yosemite Valley this year. The conditions didn't last long but were very nice while they lasted. Conversion to monochrome in Photoshop and some dodging and burning to taste with the use of luminosity masking was pretty much the extent done in post. Fujifilm GFX 100 with a 45-100mm lens at 83mm. ISO 250, f/8, 1/640s.

Hungry Hyena

By Dee Humphrey

I took this image 2 years ago on my second trip to Africa. Our guide spotted 6 Hyenas taking down a small wildebeest. He drove right up to where they were. 4 of the Hyenas backed off to let the queen and her sister eat first. It took all of 15 minutes to finish it bones included. Which meant that the other 4 were having to go hunting again so they could eat. It was a bit hard to watch but, that is the cycle of life. I used a Canon 5D Mark III, 24/105 lens, f8 200iso.

Bird on the Beach

By Jim Sanderson

This was taken over on the central coast near Cambria this past April 23rd. Just walking along a beach which I had all to myself and taking shots of the different bird varieties there. Not much done in post with this one, minor color correction, a contrast adjustment, a small crop and sharpening was about it. Sony a1 (in crop mode), 100-400mm lens at 400mm. ISO 4000, 1/1000s, f/5.6.

Are You a Member of the Photographic Society of America (PSA)?

"ADVANTAGES OF HAVING PSA MEMBERSHIP

PSA has a **Personalized Image Evaluation Service**. This service is especially helpful if the maker wants to have his/her skills evaluated, if the maker would like to know what constitutes an acceptable image in one of the PSA Divisions, or for pre-viewing Images before entering them in club competition or a PSA recognized Exhibition.

PSA also has an **Image Analysis Course**, which is helpful in judging ones own photos or becoming a certified judge.

These are free services offered by PSA to members. Need a Mentor? Go to

<http://psa-photo.org.php?member-education-mentor-service>

PSA Galleries

PSA has several galleries on this website where members can share their photography with others.

PSA Member Galleries - For All PSA Members

PSA Information

Each State, Province, or Country may contain individual member galleries that showcase members' work. Individual images and bios in galleries may be updated by members as often as they would like. A list of available galleries is accessed from the left pane of this webpage, grouped according to PSA Member Area. They can also be accessed from a state/province/country and some chapter pages on the site.

Each PSA member can create a gallery of up to 6 images and a biography with a link to a personal web gallery. **Member galleries stay on the PSA site for as long as a member remains a PSA member in good standing.**

Looks like the Fresno Fair will be in person this year. Interested in competing, check out the link below:

“Highlights” Submission

Do you have an article you would like published in an issue of “Highlights”? Do you have a suggestion for something you would like to see in “Highlights”? If you do, feel free to contact **Elizabeth Bedard** at eabedard@gmail.com

Submissions for inclusion in the next month’s “Highlights” should be received by the 15th of the previous month to insure inclusion in the next issue. This includes change of address, etc. All constructive criticism and corrections are welcome

“Highlights” is the monthly newsletter of the Fresno Camera Club. It is published for members of the club and anyone interested in photography.

It is distributed to members by email in a PDF format. Printed copies are mailed to those who do not have email or who request it. A number of printed black and white copies are available at club meetings.

Back issues of “Highlights” may be found on the Fresno Camera Club website at www.fresnocameraclub.org.
